

YAVUZ TEKSTİL

YAVUZ TEKSTİL

Turkey / Istanbul

The company is structured to maintain flexibility and productivity with the line set-up and management team dedicated to create the best value for its customer base.

Turkey / Erzurum

Yavuz Tekstil, is one of the casual wear manufacturing companies of Turkey with its liaison office in Istanbul and a modern premise in Erzurum.

MILESTONES

Yavuz Tekstil is the woven apparel manufacturing company. We specialize in woven garments for ladies and men and supply top quality garments to many well-known international brands having department stores in European market. With our knowledge and expertise especially in washed denim garments we work closely with our customer to provide them with innovative techniques, incorporated into a good quality garment.

We produce approximately 3-million fashion garments per year. As an apparel manufacturer we offer a range of services internally within Yavuz Tekstil.

Our services include garment development through to delivery and shipment. This success and achievement has come about by sustaining key goals;

- Maintain good quality garments
- Achieving reliable, on time delivery.
- Responding to the fast fashion market.
- Flexible and being able to adapt to a changing market.

Excellent Quality and Service

By giving a high importance to quality management, we aim to accomplish all stakeholder's expectations and customer satisfaction.

- To provide continuous improvement on business processes.
- By using all sources effectively and achieve "do it right at first time" in production.
- To produce the best and the secure product for our customers by implementing all related legislation and other requirements.
- To respect the community and provide healthy and secure working conditions and eliminate industrial injuries.
- To control and improve the health & safety risks and environmental effects in our working area.
- To save natural resources and energy.
- To reduce industrial wastes and dispose all by recycling and achieve to prevent pollution.
- And to support research and development on all our processes.

ENVIRONMENTAL OBJECTIVES and OUR CERTIFICATES

Our most important duty is to leave a habitable and undamaged living environment to the next generations.

With our principle of “Plan, Apply, Control, Take Precautions”, we replaced the majority of our machines engines with energy saving engines, thus facilitating economic development and social prosperity without reducing the quantity and quality of production. We focus on working without damaging the environment. These four words starting with R; Reduce, Reuse, Recycle and Recover, is the key motto for our company that guides our work.

WE GUARANTEE OUR CUSTOMERS
TO BE A STRATEGICAL KEY PARTNER

YAVUZ TEKSTİL, We are the woven apparel manufacturing company serving well-known international brands with our two plants, in Istanbul and Safranbolu. All of our plants manufacture **high fashion denim and casual wear** with the latest washing techniques, also formal and tailored garments that require intensive care in production.

Our principle includes the provision of services for the customers under the fast service guarantee with our strong infrastructure that is built within our own structure, dynamic staff and the experiences obtained and the minimized of the error ratio through the principle of '**make it right first time**'.

JEANOLOGIA

Jeanologia is an innovative and multicultural company with over 20 years of experience in the development of sustainable and eco-efficient technologies for the finishing industry.

We put people and the planet at the center. We are convinced that a better world is shaped by people connected through honesty and respect.

*We don't want to be the best company in the world.
We want to be the best company for the world"*

SMALL QUANTITIES

Processing not only with high standard garment supplier philosophy but also with a sensitive approach to the environment and community, Yavuz Textile has a principle that aims to fulfill its incumbent responsibilities for a sustainable world with its (high) production standard certificates.

*We don't want to be the best company in the world.
We want to be the best company for the world"*

RIGHT FIRST TIME

Furthermore, to follow the recent technological developments, to increase productivity by doing research and development studies, to foresee the needs of customers thanks to its customer focused approach that adopts 'right first time' philosophy and to be the pioneer not the follower of innovative production techniques are the main policies of the company.
